Great! I'll skip mobilization, but may travel early anyway to meet with NSP or others. One week is all I can do, so if the Rads training is not the following week, then I could come then instead.

That would be great! I'll put you to work. We can discuss specifics as the date gets closer, but I suspect that mobilization for the crew / equipment will be 8/11, which is a lot of hurry up and wait. You'll get more bang for your buck if you came out (traveled) 8/12 or 8/13. Of course you are more than welcome to be part of the mobe / set up.

Thanks,

Hey Randy,

I'm interested in joining you the week of 8/11, if I can provide some assistance and not be a burden.

Linda
